Billed From: Beattyville, Kentucky

🧠 Bio

Born on what he calls Black Monday, October 19th, 1987, Montag Black doesn’t come from the wrestling world. He wandered into it.

Raised off the grid by fringe survivalists, Montag grew up outside society’s rules, outside its structure, outside its sanity. There are no records. No past. No paper trail. Just stories, and even those don’t line up.

He showed up in CFW with nothing but taped fists, a dead stare, and a need to fight.

Montag doesn’t trust systems. He doesn’t trust people. And he sure as hell doesn’t trust what happens in this company.

🧨 Style

Violent Brawler No polish. No respect for structure.
Montag fights like a man who’s never been taught how, just how to survive.

Punches. Kicks. Chokes. Slams.
If it hurts, it works. For now.

🧷
Look

A walking contradiction to everything pro wrestling usually is.

Filthy, torn blue jeans
Barefoot, no boots, no protection
Fists and wrists tightly taped 🩹
A burnt, shredded American flag draped around his neck us
Long, tangled dirty blonde hair
Thick, unkempt beard, brown with creeping gray
Chest and arms covered in rough dark hair

And then there's the eyes.

Bright blue.
Cold.
Wrong.

Not the kind of blue you trust.

⚠️ **Signature Offense**

He doesn't have moves yet.

He has instincts.

Wild striking combinations
Corner mauling
Choke based control
Throwing bodies instead of executing technique

CFW hasn't refined him yet. Right now, he's just dangerous.

💀 **Finisher**

False Flag
Mandible Claw into Chokeslam
